

## Bus Lane Default Access Campaign Template MP Letter 2

Dear [your MP]

I am writing to you to request that you investigate when the Department will be publishing the revised guidance for motorcycle access in bus lanes. The promise to issue revised guidance was made in the outcome document for the motorcycle in bus lanes consultation, published in November 2024 (<https://www.gov.uk/government/consultations/motorcycles-in-bus-lanes/outcome/motorcycles-in-bus-lanes-consultation-outcome>). May I also ask you to encourage the Department to engage with the Motorcycle Action Group in the drafting stage of this revised guidance?

As you will see the Department also promised to ‘work with the metro mayors, combined authorities and Transport for London, to encourage a more joined up approach to motorcycle access in these areas’. Please could you also investigate how and when this activity will take place?

I look forward to hearing from you with details of what you find.

Yours sincerely
