

Template Bike Theft Letter for MSPs

Dear [MSP name]

Research conducted by the Motorcycle Action Group (MAG) shows that as a motorcyclist I am eight times more likely to suffer the theft of my vehicle compared to the average motorist. MAG has also lobbied for the National Vehicle Crime Working Group (NVCWG) to prioritise this criminality, but has been told that a deliberate decision has been taken not to do this.

MAG collates national data for motorcycle theft through FOI requests to all UK Police Forces. It is a source of great concern to me that Police Scotland are unable to provide any data on this issue.

I would like to ask that you, as my elected MSP, contact MAG for a greater understanding of the issues and solutions and then assist their efforts to persuade Police Scotland to respond to FOI requests and prioritise efforts to deal with this form of criminality.

MAG can be contacted at 01926 844 064 or central-office@mag-uk.org

Yours sincerely
