

Bus Lane Default Access Campaign Template MP Letter 1

Dear [your MP]

I am writing to you to let you know that I have signed petition 712763 - Allow motorcycles in bus lanes as default. I expect that this petition will reach the 100,000-signature level and trigger a debate in Parliament.

I am therefore writing to request that you commit to attending this debate and speak in favour of the petition. I am more than happy to discuss the details of why motorcycle bus lane access should be the default policy, and I would also recommend that you contact the Motorcycle Action Group to discuss this subject.

Please can you confirm that you support this policy position and would be willing to speak in favour at the expected Parliamentary debate?

May I also ask that you add your signature to the petition calling for default access to be the national policy here; <https://petition.parliament.uk/petitions/712763> and promote the petition to all your constituents? A national policy would open the door for changes to the Traffic Signs Regulations and General Directions which could dramatically reduce the cost of delivering this sensible consistency.

I look forward to hearing from you.

Yours sincerely
